Its soft shape and slim stem evoke iconic design forms, transmitting a sensation of familiarity and comfort. Apollo Caffè celebrates timeless shapes and the essence of minimalism. Portable and rechargeable, with its diffused optics it creates, both indoors and outdoors, an intimate and cozy atmosphere, the intensity of which can be customized via touch control.

Apollo Caffè draws from the rich technological, manufacturing, and stylistic heritage that defines the world of Italian design. The focus on style and emotions is enhanced by the selected collection of finishes and the option to choose from three colour temperatures: 2400K, 2700K, and 3000K.

La sua forma morbida e il suo sottile stelo richiamano le forme iconiche del design trasmettendo una sensazione di familiarità e comfort. Apollo Caffè celebra le forme senza tempo e l'essenzialità del minimalismo. Portatile e ricaricabile, grazie alla sua ottica diffusa crea, sia in interni che in esterni, una luce d'atmosfera intima e raccolta, la cui intensità è personalizzabile tramite il comando touch.

Progettata e realizzata in Italia, attingendo a tutte le capacità tecnologiche, manifatturiere e stilistiche che connotano il mondo del design italiano. L'attenzione allo stile e alle emozioni è amplificata dalla selezionata collezione di finiture e dalla possibilità di scegliere tre temperature colore: 2400K, 2700K, 3000K.
